## COMMUNICATIONS

Manager Rhorig of the Lihue Store has received the following communication from the Manager of the Makaweli Baseball Team.

Makaweli, Kauai,

Sept. 26, 1911.

Messrs, Lihue Store, Lihue, Kauai.

Gentlemen:—

On behalf of the Makaweli Baseball Team, I beg to tender my hearty thanks and appreciation for the handsome Silver Cup presented by you.

I also must express my thanks for the interest you have taken in the advancement of sport on Kauai.

Respectfully yours,

D. K. HAYSELDEN,

Manager

MAKAWELI BASE BALL TEAM.

Eleele, Kauai,

Sept. 26th., 1911.

To the Editor of THE GARDEN IS-

LAND,

Dear Sir:

Please find space in your columns for these few lines.

Eleele's have a crack bunch of base ball players.

J. Perreira, known among the base-ball fans of the Garden Isle as (Spalding) and who holds second sack for the Eleele Team is said to be the best second base-men that Kauai has ever produced. Its really an interesting sight to see him in action, pulling down those hot liners with one hand. He is a dangerous man with the stick also.

I. Akana, the star pitcher of the Eleele Team, holds a record as being the only pitcher who has struck out 21 men in one game. He is known among the base-ball fans as a curvaceous wonder and is famous for his speedy ball, he is very active on the base, and a crack in the field, also pulling down everything that comes his way.

Yours truly,

"A subscriber."

Wahiawa, Kauai,

Sept. 26th. 1911.

To the Editor of THE GARDEN IS-

LAND.

Dear Sir:

Please leave a space in your columns for these few lines which I hope you will be kind enough to insert.

McBryde Sugar Company has closed its water developing, completing a total of about 6,000 feet of tunnels, which they, by doing so, have developed 20 million gallons of water per 24 hours to supply one of the biggest Electric Pumping Stations on the Garden Island. Mr. J. C. Moura who has carried

the work for three long years is well pleased, at having the work completed without any injury to his laborers, who have risked their lives working at a depth of about 120 feet below the surface of the Hanapepe Valley and about 500 feet beneath the Government road and cane fields.

With thanks,  
Yours truly,  
"A subscriber."
